*These financial statements are UNAUDITED, and no assurance is provided on them.*

**To:** City of Braidwood  
**From:** Cristiano Miroballi, John Kasperek Co., Inc.  
**Date:** August 8, 2025  
**Subject:** July 2025 Financial Report Notes

After reviewing July's financial statements, there are few items that we want to make the Board aware of:

- **Overall Financials**

- The General Fund operated at a \$919,000 surplus compared to the prior year \$740,000 surplus.
- The City across all governmental funds has recognized revenue of \$2.50 million, which consists of \$1.86 million for the General Fund, \$244,000 for Capital Projects Funds, and \$390,000 for Special Revenues Funds.
- The City across all governmental funds has recognized expenditures of \$1.1 million, which consists of \$937,000 for the General Fund, \$40,000 for the Debt Service Fund, \$8,000 for the Capital Projects Funds, and \$102,000 for Special Revenues Funds.
- The overall net change in fund balance is a surplus of \$1.4 million.

- **Revenues**

- The General Fund recognized \$38,000 in property tax revenue for the month of July, which is a \$42,000 fiscal year to date revenue increase compared to the prior year.
- As we discussed last month, the City has recognized over 50% of its property tax revenue budget.
- The City will receive distributions each month through December from Will County for property taxes received. The largest distribution will be in September.
- The City's sales and income tax revenues are \$67,000 and \$34,000 higher compared to the prior year, respectively.
- A 1/12 distribution of budgeted sales and income tax revenue would represent \$225,000 and \$300,000, respectively. The City is \$32,000 and \$74,000 above budgeted projection for sales and income tax, respectively.
- As we discussed last month, the local use tax revenue has reflected a large decrease compared to the prior year. The revenue reduction started with April 2025 distributions.
- The revenue reduction was because the Illinois legislature with passage of Public Act 103-983 which became effective in January 2025 changed how remote sales taxes was distributed. Prior to January 2025, the tax for remote sales would be pooled at the State level and distributed by population, but now the tax is distributed based upon where the goods are delivered.
- The City's investment income has increased by \$27,000 compared to the prior year.
- The General Fund overall revenues is \$41,000 higher compared to the prior year.
- The Water and Sewer Fund revenues have increased \$84,000 compared to the prior year because of increases in Water and Sewer Fees of \$57,000 and \$34,000, respectively.
- The Water and Sewer Fund main revenues operate on a semi-reliable 1/12 of budgeted amounts which means the City should have recorded at least 25.00% of budgeted revenue.
- The current Water and Sewer revenues of \$331,000 and \$525,000 are 27.04% and 25.05% of budgeted revenue.

- **Expenditures**

- The Administrative department reflected a \$38,800 decrease compared to the prior year which is primarily due to a \$34,000 decrease in salaries and benefits because the City hadn't hired a City Administrator for May or June 2025 and as per contract used vacation time from the previous fiscal year is paid out as of May 1<sup>st</sup>, meaning unused vacation time relating to FY24 was paid on May 1, 2024.
- The Police Protection department reported a \$54,000 decrease compared to the prior year.
- The large decrease is due to a reduction in salaries and benefits of \$113,000, due to the reduction in staffing for the Police Chief, a sergeant, and an officer.
- There was a \$66,000 increase in professional services compared to the prior year, of which \$46,000 related to the City's purchase of body cameras for its officers
- The Street department reflected a \$9,000 reduction compared to the prior year, which was due to a reduction in equipment and operating supplies and expenses lines of \$12,000 and \$18,000, respectively.
- The General Fund overall expenditures have decreased by \$138,000 compared to the prior year.
- The majority of the City's expenditures follow a consistent schedule in that the City would recognize 1/12 of its total expenditures each month. A good budget forecast point is to compare each department to proportionately 1/12 of its total budget.
- The City is 3 months into its fiscal year, meaning that most departments should have expended 25.00% or less of their budget. All departments, except Repairs and Maintenance have expended less than 25.00% of their budget. The Repairs and Maintenance Department has expended 25.08% of their budget.
- The Water and Sewer Fund expenses have increased by \$115,000. The two largest expense line increases are for utilities and maintenance.
- The Water and Sewer Fund have expended less than 25.00% of its budgeted amounts. There are some specific line items that have expended over 25.00% of its budgeted amount.

- **Other Items**

- The FICA & Medicare and Audit Fund are both operating at a deficit as of July 2025. The property tax revenue received in July has reduced the deficit, but the City should consider reallocating some of its property tax levy funding to the FICA & Medicare and Audit Fund so as to avoid creating a negative cash balance fund.
- The IMRF and Liability Insurance Fund are both operating at a surplus because the property tax levy is higher than the expenditures because the City's IMRF required contribution rate has been consistently decreasing and the liability insurance premium has decreased.
- The utility balance receivable has increased by \$51,900 compared to the prior year.
